

The Children's Society's Makesafe Offer: Hotel

**The
Children's
Society**

Contextual Assessment Project

The Children's Society's Prevention Programme is delivering a 60 minute online introductory session to provide Op Makesafe force leads with information about our hotel contextual assessment project offer. This project can:

- Sit alongside test purchases
- Provide you with new approaches for identifying potential risks and vulnerabilities in hotels relating to child exploitation
- Help you to identify clear recommendations to make to hotels
- Provide you with new data to return to the Hydrant Programme in line with HMICFRS Recommendation 6 (Group-based CSE re-inspection, Oct 2025).

This is an introductory session to explain our offer. You are not committing to the project by attending, but rather coming along to find out what would be involved.

To book your place, please email:

Prevention@childrenssociety.org.uk

Date: Wednesday 19th August

Time: 11am

Duration 60 minutes

Location: Online
